

Save/Publish functionality (RT-6)

 [RT-15] **RT-6 Test Execution** Created: 02/Aug/18 Updated: 03/Aug/18 Resolved: 02/Aug/18

Status:	Passed
Project:	Resorts Tapped
Component/s:	None
Affects Version/s:	None
Fix Version/s:	None

Type:	Test Execution	Priority:	Medium
Reporter:	Gabriel Bedolla	Assignee:	Gabriel Bedolla
Resolution:	Done	Votes:	0
Labels:	None		
Remaining Estimate:	Not Specified		
Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Test Preconditions:	<ul style="list-style-type: none">• See  RT-3 Ready
Test Script:	<ol style="list-style-type: none">1. Select a field where you would like to make changes.2. Save changes made3. You should see a prompt at the top of the screen that lets you know you have unpublished changes.4. If the user would like to publish the changes they must click publish.
Test Postconditions:	<ol style="list-style-type: none">1. Saving changes to contacts updates the contact group but will not publish changes.2. After clicking publish the changes will be applied to the live site.
Test Execution Notes:	<ol style="list-style-type: none">1. Added a new contact group and entered data in the correct format for Name, Phone, Website, Email. I also added a .png image with a resolution of 470×694.2. I saved the changes and they were not found on the API.3. Changes were then published and were now visible in the API.4. For the final step I deleted the changes from the user interface, I then clicked save and checked the API again.<ul style="list-style-type: none">○ API remained unchanged○ You have unpublished changes message appears

	<ol style="list-style-type: none"> 5. Changes were again published 6. The contact group was no longer visible on the API.
Expected Result:	<ol style="list-style-type: none"> 1. Changes saved but not published should not appear on the live site. 2. Once changes are published they should appear on the live site. 3. The "unpublished changes" prompt at the top of the screen should go away after final versions are published.
Actual Result:	<ol style="list-style-type: none"> 1. Test passed, saved changes were not applied to live site unless they were published. 2. "Unpublished changes" message at the top of the contact management page would not go away.
